

Ansdell & Fairhaven Parish Council

SPID CONSULTATION

Ansdell & Fairhaven Parish Council are proposing to install three Speed Indicator Devices (SPIDs) within the parish. These would be permanent installations, which would indicate to passing vehicles their actual speed, and whether they are travelling within the speed limit.

The three proposed locations are:

- Woodlands Road northbound, next to the Ansdell Institute.
- Woodlands Road southbound, just south of the junction with Seymour Road.
- B5410 (Lytham St Annes Way) southbound, grass verge adjoining Coopers Row.

Since its formation in May 2025, the Parish Council has received consistent and strong feedback that residents wish to see steps taken to calm traffic in the parish. These three locations have been highlighted as of particular concern.

For much of its time in existence, the Parish Council has been working with Lancashire County Council (LCC) and others towards the installation of the SPID devices. One of the last stages of LCC's process is to conduct a consultation with residents within the vicinity of the proposed SPIDs.

For this purpose, a consultation document has now been made available on the Parish Council's website. To view the information, please follow the QR code below, or visit:

<https://www.ansdellandfairhaven-pc.gov.uk/other-documents/>

To contribute to the consultation, please email your comments to:

clerk@ansdellandfairhaven-pc.gov.uk

You can also submit comments by post to: 1 Mayfield, Catforth Road, Preston PR4 0HH

The closing date for receipt of comments is 5pm on Friday 10th July 2026.

Daniel Guise
Clerk
Ansdell & Fairhaven Parish Council
